We will not ship iris pogona before August first.

We do not substitute.

Quantity and dealers prices on applica-

Price in every case is for single plants and unless otherwise specified five of one variety will be sent for the price of four.

We cannot fill orders for less than \$1.00.

Paramount Gardens

PLAINFIELD, N. J.

SALES OFFICE
57 Sandford Ave.

NEW FLOWERS FOR YOUR GARDEN

All over the world there are many lovely varieties of flowering plants growing under varying conditions that we in the East have never seen, some we have never heard of.

Many of these are perfectly adapted to our climate and weather conditions and make valuable additions to

rock garden flora.

our rock garden flora.

We have expended much time and effort to make some of these available for your use.

All that we have chosen and offer to you have proven hardy in the northeast and are of comparatively easy culture. We offer only low growing plants which have good foliage and are quite floriferous; you'll be interested in the odd foliage of some and the exotic flowers of others; all will give you a new thrill in the growing. We especially recommend those listed on this and the next page. next page.

V. PAPILIONACEA AZUREA

Introduced from our Gardens last season it has been greatly admired by all who have seen it; with splendid foliage of olive green and large blossoms of smoky sky blue growing well above the plant, an exceedingly free bloomer, it is valuable both as a border plant or individual specimen.

> .50 each \$5.00 Doz.

IRIS MINUTA

The smallest Iris in the world. Yellow self; one inch blossoms on three inch stems.

\$2.00 each

IRIS GRACILIPES ALBA

One of the rarest Iris in the world. We have probably the only stock of them in the country and cannot release more than one to a customer.

\$3.50 each

CYPRIPEDIUM ACAULE ALBUM

An exceedingly rare white form of the Moccasin flower. \$1.00 each, only two to a customer.

PAEONIA BROWNII

A dwarf peony growing wild in Oregon. 6 to 8 inches high with a large red flower.

\$7.50 Doz. .75 each

149 - Gentianoides, Gentian like, leathery leaves,	
pale blue	
151 - Pectinata, wooly leaves, ground cover, azure	
blue	
153 - Repens, fine for paved walks	
bloomer	,
forming a dark green carpet ,deep gentian blue flowers, one of the best rock plants35	,
155 - Teucrium, royal blue, for planting among large rocks	,
156 - Teucrium Trehani, trailing variety with golden foliage and blue flowers	,
737 - ZAUSCHNERI CALIFORNIA, a low growing plant; trailing foliage of pleasing gray with	
red, Fuchsia like flowers from July to October)
NATIVE VIOLETS	
We have made all too little use of our native Violets on our Rock Garden work.	;
Sturdy in habit, easily raised, with a wide range of form and color, blooming early and late with a varied and	•
beautiful foliage they are an ideal rock plant and adaptable to every purpose.	
Tho we list but sixty-five varieties of native violets, in our gardens we have one of the most extensive collec-	
tions in the world and we will be glad to correspond with those who may be interested in collecting.	
701 - ADUNCA, the Dog Violet, makes wide clumps	
with small blue flowers, exceptionally fine for the rock garden25 .25 - AFFINIS, much like Cuculatta but daintier	
with light bluish purple flowers and dark	
center	
white and lower yellow, three parted leaves, very distinct	
254 - BLANDA, low growing, fragrant white flowers .25 203 - CANADENSIS, branching with splendid foliage,	
pinkish white with purple back and yellow eye, blooms all year	
251 - CARNEA, a rare pale lilac violet from Germany .75 195 - CRYSANTHA, the "Golden Violet," large, rich golden yellow, maroon on back, finely cut	
leaves	
violets, ovate leaves, flowers white veined with purple and purple back	
202 - CUCULATTA, a round leaf variety of Palmatta .25 13 - CONSPERSA SILVESTRIS, a pretty many	
flowered violet forming clumps of small leaves, excellent for the rock garden	
252 - ELATIOR, a native of central Europe. Growth is similar to Striata but with blue flowers	
241 - ERIOCARPA, a southern form of V. Pubescens	
but much stronger growing, yellow flowers .50 14 - Esculenta, an exquisitely beautiful pale lavender violet from Florida, leaves pedately lobed35	
257 - FIMBRIATULA, oblong-ovate leaves, violet-	
purple flowers growing above the foliage25 255 - FIMBRIATULA ALBA, a white form of above, very unusual	
279 - FLETTII, one of the rarest of American native violets, from the Olympic mountains in Or-	
egon. Lavender-violet, petals yellow at base with dark purple veins. Foliage	
reddish green. Hardy in the East	
(Fourteen)	

236 - FLORIDANA, a very beautiful native of
Florida, deep green uncut foliage, large light lavender flowers
260 - GLABELLA, true violet shape leaves with bright wellow flowers
496 - HALLII, upper petals dark purple, lower yel-
low, palmate leaves, very striking
259 - HASTATA, halbred leaves. Deep yellow flow ers with brown backs. Habit much like
Canadensis
a very low mass of heart shaped leaves.
rosy-purple flowers in great profusion over a long period, a real acquisition to the rock
garden
distinctive shade of rich purple
265 - INCOGNITA, one of our really fine violets of the northeast tho not common, finely serated
dark green foliage, plant of good form in-
creasing by lateral filiform runners, pure white flowers of good size with orange eye
and white beard
261 - LANCEOLATA, lance leaves, white flowers on long stems, lower petals striped
266 - LANGLOISII, a southern species of V. Affins .36
15 - LOVELLIANA, a dark purple flower of good size from Louisiana, leaves dentate
723 - LOBATA, a California native, branching, lobate
leaves somewhat like an oak leaf, yellow flowers
233 - NUTTALLI, a native of South Dakota, hand- some yellow flowers with ovate leaves
27 - OCCIDENTALIS, found only on the west coast
but related to and much like our V. Primulafolia
280 - OCELLATA, a woodland species from Oregon, upper petals dark purple, laterals pale
yellow
28 - VIARUM, a variation of V. Palmata
ing above light green foliage
205 - PALMATA, purple with cut leaves
most beautiful violet in existence, pure
snow white with purple eye, very scarce78 207 - PEDATA, Birds Foot, lavender and purple29
263 - PEDATA BICOLOR, purple and white flowers rivaling the pansy in beauty
264 - PAPILIONACEA ALBA, purest white with
purple eye, the largest native violet
flowers with deep purple back, western38
232 - PRAEMORSA, from Oregon, orbicular leaves with fine large yellow blossoms
237 - PINATA, from Switzerland, pedata like leaves with blue flowers
707 - PRIMULAFOLIA, one of the largest of the
white flowered natives
immense orange yellow flowers with brown
backs, heart shaped foliage, a rare beauty .50 201 - PALLENS , pure white with light green foliage .25
267 - PEDATAFIDA, native of the western praries,
cut leaved, soft blue flowers growing over a long season
240 - REPTANS, a member of the Canina family
239 - ROSACEA, from Louisiana, uncut broadly cor-
date leaves, fine deep blue flowers of large size
282 - ROSTRATA, long spurred violet, beautiful or-
chid purple, a fine rock garden subject
light blue blossoms all summer
(Fifteen)

284 - ROBERTI, a hybrid of Affinis but a much la	arg-
er two toned flower.	25
478 - RAFFINESQUII, wild field pansy, a tiny blu	uish
white annual, self sows	25
with large white blossoms tinged with	lav-
ender; native of the west	35
285 - ROTUNDIFOLIA, deep yellow, evergreen lea	ves.30
270 - SARAEA, Immense white flowers, a pure	Al-
bino, elongated petals, light green foli	age 35
very handsome	
garden, masses of small leaves covered v	vith
pink-lavender flowers during a long sea	son .50
271 - SHELTONI, finely divided leaves, creep	oing
habit, yellow flowers	35
273 - SORORIA, ovate leaves, violet-lavender flow	vers 25
broad petals	20 and
form but smooth	35
275 - SAGITTATA, serrated narrow leaves, blue fl	ow-
ers	
286 - SEPTENTRIONALIS, white with blue cen	ter, 25
showy	
cleft foliage with immense light blue flow	vers
on long stems	35
204 - STRIATA, a beautiful deep cream color v	vith
striped lower petals, large graceful flor	wer
creeping habit, fine deep green foliage,	ex- .25
tra good for the rock garden or wall 287 - TRINERVATA, a native of Oregon, finely	
foliage with violet and yellow flowers	35
711 - VILLOSA, from the South, mottled folia	age,
blue flowers, free blooming, an interest	
violet	
441 - VITTATA, a beautiful and odd violet fi	rom
Hlouda narrow lance leat 14" long wi	hita
Florida, narrow lance leaf 14" long, wl	hite .50
